The Look of Genuine, Hand-brushed Stained Cedar

MULTIPLE TONES WITHIN EACH PANEL

Just as the passing seasons leave subtle shadings in the grain of real wood, our special multi-tone coloring process recreates the authentic beauty of hand-brushed stained cedar. Various shades and densities of warm, earthy hues are applied in non-repeating patterns that give each panel its own distinctive appearance. Cypress Creek's unique variegated coloring and inviting cedargrain texture beautifully achieve the rich depth and natural elegance of genuine cedar planks.

LIGHT TONES

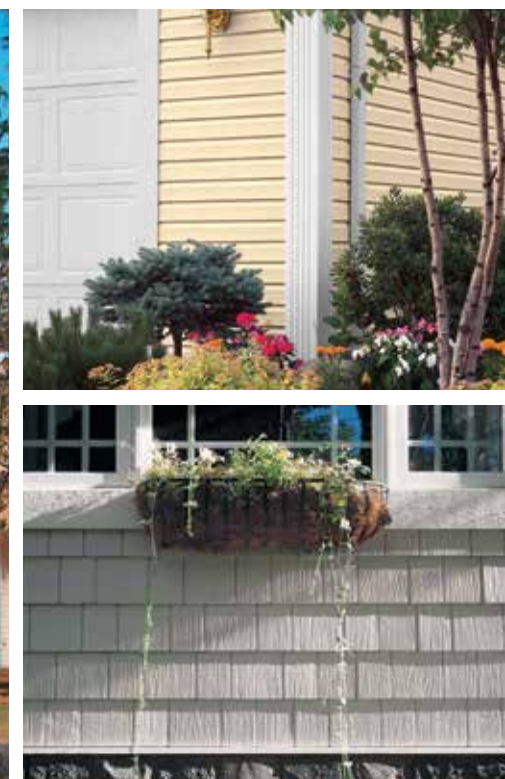

MID TONES

DARK TONES

Above is an example of the multiple tones or colors within each panel which gives Cypress Creek Variegated its dimensional hand-brushed look of real stained cedar.

EXTERIOR TRIM, ACCESSORIES AND ACCENTS

Use Trimworks® and other decorative accessories to accent and transform your home. Durable yet attractive, these distinctive components add interest to windows, doors, corners and other memorable areas. Whether it's a bold or simple design, our trim, shakes & scallops, soffit, and vertical siding perfectly coordinate with Cypress Creek Vinyl Siding to enhance the beauty of your home.

PEACE OF MIND

Cypress Creek Vinyl Siding and Alside accessories are backed by lifetime limited warranties.* For complete warranty information, including limitations, please see a printed copy of the warranty.

DESIGN SHOWCASE

See the finished look before the work begins! Our Siding Design Showcase lets you create multiple exterior designs with just the click of a mouse. CYPRESS CREEK® . . . A NEW KIND OF VINYL SIDING

The variegated finishing process gives each panel the look of hand-brushed, stained cedar by using multiple colors within the same panel rather than a single solid color.

PERFORMANCE POWER

Cypress Creek embodies the characteristics that have made vinyl the most popular siding choice today – durability, maintenance freedom and long-term beauty. And, because the rich tones, shades and hues of Cypress Creek Variegated Siding are formulated into the siding panel, its color won't chip or peel. Additionally, its premium thickness is designed to help hide existing wall imperfections to provide outstanding beauty.

- QUICK SPECS:**
- .048" premium thickness for durability (nominal)
 - 3/4" mid-panel projection for beautiful shadow lines
 - Fully rolled over nailing hem for maximum wall attachment
 - Strengthened locking system for increased rigidity
 - Available in Double 4" clapboard, Double 5" clapboard, Double 5" dutch lap and 7" board and batten
 - 6 multi-toned colors

Architecturally pleasing and structurally sound, Cypress Creek Variegated Siding surrounds your home with strength, durability and maintenance-free quality. Cypress Creek – a proven vinyl siding product that delivers solid performance – season after season.

SETTING A STANDARD TO MATCH

Like all Alside products, Cypress Creek is manufactured using advanced production and quality management processes. The result is siding that meets the highest standards for material and manufacturing excellence. Cypress Creek Variegated Vinyl Siding meets exacting standards for strength, durability, and maintenance freedom.

THE STRENGTH LIES WITHIN

By choosing Alside Vinyl Siding, you have invested in a versatile, durable and enduring siding product for your home. Cypress Creek Variegated Vinyl Siding's practicality and combination of features provides you with a distinctly strong siding coupled with unsurpassed performance and beauty. At Alside, we extend the possibilities – giving you product choices to match your personal taste and lifestyle.

COLOR-COORDINATED CHOICES

Cypress Creek Variegated Vinyl Siding is available in six multi-toned colors, each representing the genuine look of stained cedar. A unique manufacturing process provides a non-repeating woodgrain pattern for a realistic wood-like appearance. Available in D4" clapboard, D5" clapboard, D5" dutch lap, and 7" board and batten, to accentuate your home's architectural style.

MULTI-TONED COLOR COLLECTION

Flagstone

Acorn

Sand Dune

Hawthorne

Balsam

Hemlock

Note: Colors are as accurate as printing techniques allow. Make final color selections using actual vinyl samples.

A CLASSIC EXPRESSION OF STYLE

At Alside, our commitment to you surpasses the ordinary. For 70 years, we've provided homeowners with high-quality, innovative exterior products. Our pride in workmanship and steadfast path to perfection leads the industry. Our selection of the highest-quality raw materials, coupled with state-of-the-art design and manufacturing methods, allows you to choose siding products unsurpassed in the industry. As a result of this continuing dedication to you, we proudly offer Cypress Creek Variegated Siding from Alside.

AN ECO-FRIENDLY CHOICE

As a sustainable product with a long service life, vinyl siding is environmentally responsible in several ways. In addition to conserving wood and other natural resources often used for building materials, vinyl siding helps reduce the deposit of paint, stain and maintenance-related materials into the solid waste stream because it never needs to be painted.
