

James Hardie

SUNSHINE CONTRACTING

has achieved the status of a **James Hardie Elite Preferred Contractor.**

The James Hardie Contractor Alliance Program is designed to match homeowners with professional contractors who are trained and available to help you meet your needs to siding replacement - there are two levels, Preferred and Elite Preferred. Sunshine Contracting is a James Hardie Elite Preferred Contractor, the highest level achievable. James Hardie hand selects very few remodeling companies across the country to receive the designation of James Hardie Elite Preferred Contractor. Elite Preferred Contractors consistently demonstrate high standards in quality, professionalism, and customer satisfaction. As a James Hardie Elite Preferred Contractor, Sunshine Contracting must comply with the best practices for installing James Hardie Siding, must pass regular and random installation audits, has a professional sales approach, must pass a background check with at least 6 past clients, has a satisfactory credit report, is state licensed and fully bonded and insured. In addition, every project completed by a James Hardie Elite Preferred Contractor is surveyed by a third party satisfaction survey service, Guild Quality, to ensure that they are providing the highest of quality and customer service.
